AMUSEMENTS

MARY MILES MINTER AT THE BUTLER TODAY

An untutored mountain girl of great beauty who blooms like a flower under the influence of love, such is the star role in "A Cumberland Romance," in which Mary Miles Minter will be seen at the Butler today.

It goes without saying that as "Easter," Miss Minter has a part which displays her beauty and acting ability at its absolute best. She carries with equal conviction clever comedy moments or well-sustained dramatic situations, of which many abound in this tense story of a mountain lover, a city rival and a maiden whose hand in marriage is the prize.

Decidedly unique is the introduction of Easter to Clayton, the city man. She is veritably cascaded into his arms from the back of a big bull in a strange saddle animal even in the "Cumberland." Charles Maguire wrote the scenario and also directed the picture, a fact which insures it to be a completely artistic offering. "The Cumberland," which is acclaimed as one of the great triumphs of the year, and which will be shortly shown here, was produced by this great director. Added to the program will be a two-reel Sennett comedy, "Gee Whizz." Tomorrow, Charles Ray in "The Pinch Hitter," one of his very best pictures, which was shown here about two years ago, and is now being repeated throughout the country. Also Jack Denberry in "Dorothy Jack." Coming Sunday, Nazimova in "The Mother of a Child."

RUGBY TEAM TO PLAY IN PARIS

(By Associated Press) BERKELEY, Cal., Oct. 9. California's rugby team which played at the Antwerp Olympic games will play in Paris October 19 against a picked French team, according to letters received here from the players. The rugby team is made up mainly of men from the University of California and Stanford university, and at the time the letters were written, had suffered no defeats on its tour.

After the Paris game, the team, it is said, expects to go to England for several matches, after which a steamer for America will be boarded. While in France the players have been guests of French sectional rugby committees and have visited the battlefronts. Several of the players returned to the spots on the battlefronts where not so long ago they were in action with the American troops. The men expected to visit Italy before returning.

SIGN CHECKS BY FINGER PRINTS

(By Associated Press) SALT LAKE CITY, Utah, Oct. 9.—Indians who have accounts in the banks of the Uinta Basin district of Utah, especially at Vernal and Duchesne, sign their checks with finger prints, according to reports received here. Bankers say this method is necessary as few of the red men can read and write, while many have names so long that there is not enough room on the bottom of the check to write them.

When an Indian, unable to write, desires to draw some of his money, he has someone fill out a blank check for him and then affixes his thumb print. The check is compared with the prints kept on file at the bank and, if found to be correct, is paid. A full record of thumb prints is kept at each bank and officials claim that under this system there has never been a wrong payment.

Many of the Uinta Basin Indians are wealthy and have large bank accounts. The majority of them raise cattle and sheep.

One form of butterfly found in the United States feeds on plant lice, but all other forms are vegetarians.

Upper classes of Chile are more purely Spanish than those of any other country of South America.

Tricks on April Fools' day are the outgrowth of a similar custom among the Hindus, who, however, observed the last day of March.

PERSONAL

The places of the players who left. The University of Southern California will probably have the heaviest and most experienced team it has had for several years. Although no official information has been given out, it is expected the squad will average about 190 pounds from end to end with the backfield about 15 pounds lighter. The Trojan team will be the same as last year's with the exception of two guards, center and quarterback. These positions have been filled by experienced men.
